Attachments: Digital Radio Requisition Request.pdf

Steve did you purchase this with EPA money and you just want to bill it against your MA right?

Arianne,

If they have already purchased this with their money why are we cutting a 143 for FEMA Logistics to purchase one? I think if we place into the documentation that we approved this purchase then we should be fine. Not sure we have to generate a 143 unless you are just wanting to use it as documentation but I really don't think we need to do that.

V/r,

Jeremy

Steve, Jeremy:

This form came from Steve Mason, EPA. While working the ESF10 MA, an EPA employee dropped a loaned Harris Cty FD radio into the Houston Ship Channel. Steve Mason is requesting that we pay for the replacement under the MA. There's a sig block for Branch Director, so in addition to confirming that this is allowable (down the email chain, Stacy believes it may be), if yes, can one of you please sign? It will require a log signature and finance as well, but I wanted to get the ball rolling as Steve is looking to reimburse this pretty quickly.

Thanks

Chris

Subject: Lost Radio

Kimberly, as this was an emergency radio that is used daily by the Fire Marshal, we are going to proceed with purchasing the radio under our mission assignment, unless otherwise directed... we need to replace it as soon as possible...

Thanks for all your help on this...

Subject: Re: You Can't Make this Up

I'm leaning towards yes, reimbursable, but let's see what Lisa Dodson says from our FEMA Finance Center. For documentation purposes we will need the 40-1 approved by logistics because you never know what we might have in our inventory;)

Thank you Steve!

Subject: You Can't Make this Up

So.....

Part of our orphan container recovery is obviously retrieving hazardous materials containers in lakes and ponds...

The Harris County Fire Marshal's office (hazmat) has been supporting our activities and they lent our teams some very nice radios to use while on the water...

While debarking off one on the boats, one of the radios decided to jump ship and go diving...

It did not end well...

We are going to replace the radio...

Is this reimbursable under our Mission Assignment ?? Do we need to get an approval from the JFO Logistics program...

So we are not buying the radio for ourselves... it is to replace the one the County provided to us...

Thanks...

With Regards, Steve
